

School of Engineering and Technology

2019 RHD Symposium

Day 1 - Monday 4th November

Brisbane – CQU, Room 4.10 Level 4, 160 Ann Street, Brisbane QLD 4000

Zoom – <https://cqu.zoom.us/j/9884791813>

Please note these are Queensland times (AEST)

12:00 Registration and Lunch

12:30 Welcome

- Introductions and Housekeeping – Dr Jo Luck, RHD Lead, School of Engineering and Technology
- Symposium Chair – Prof Steven Moore, Deputy Dean Research, School of Engineering and Technology
- Acknowledgement of Country – Ms Natalie Ewin (Chair, SET Indigenisation Committee)
- Welcome – Prof Steve Hall, Dean, School of Engineering and Technology

1:30 Session 1

| | | |
|------------------|------------------|---|
| Sundar Shrestha | Prof M Spiryagin | Presentation title not supplied |
| Ian de Vera | A/Prof E Gide | Developing a Strategic ICT Adoption Model to Improve the Quality of Services for Business Satisfaction of SMEs in the Philippines |
| David Buck | Dr B Taylor | Towards sustainable urban living using hygromorphic control of water for the environment: possibilities and community perceptions |
| Sunita Lata | Dr P Keleher | Groundwater-Surface Water Characteristics in Hedlow Catchment, Rockhampton, Australia |
| Daniel Hicks | Dr M Malouf | Modern Astronautics for Future Space Ventures |
| Judy Yang | Dr L Li | Development of an Artificial Neural Network Model Application in Warehouse Management |
| Md Mejbaul Haque | Prof P Wolfs | A novel highly efficient power converter for integrated solar and battery systems in residential applications |

3:15

Afternoon Tea Break

3:30 Session 2

| | | |
|-------------------|------------------|--|
| Sunil Seneviratne | Dr R de Silva | Rapid Local Area Network Design for Dynamic Environments |
| Simon Wagner | Prof C Cole | Innovative Heavy Haul Force Control Device |
| Ted Pedersen | Prof S Moore | Characterising pulsed bioacoustics signals |
| Roksana Tumpa | Dr S Skaik | Group-Based Assessments in Project Management to Develop Soft Skills |
| James Jephcott | Dr A Chiou | Slicing software improvements for FDM 3D printing |
| Chris Bosomworth | Prof M Spiryagin | Moving Vehicle Rail Foot Flaw Detection |

5:00

End of day

6:00

Symposium Dinner – King George Room, Floor 2, Pullman King George Square

School of Engineering and Technology

2019 RHD Symposium

Day 2 - Tuesday 5th November

Brisbane – CQU, Room 4.10 Level 4, 160 Ann Street, Brisbane QLD 4000

Zoom – <https://cqu.zoom.us/j/9884791813>

Please note these are Queensland times (AEST)

8:30 Arrival and Melbourne Cup Sweeps

8:50 Welcome & Housekeeping – Prof Steven Moore and Dr Jo Luck

9:00 Session 3

| | | |
|----------------------|------------------|---|
| Arash Daemi | Dr R Chugh | Introducing an architectural framework for social media integration in the project management lifecycle |
| Natalie Ewin | Dr J Luck | Presentation title not supplied |
| Prasanna Balasooriya | Dr M Wells | Presentation title not supplied |
| Ian Hoather | Dr N Mandal | Study on heavy duty glued insulated rail joint bars using steel in steel out processes and management of rail stress at joints in heavy haul railways |
| Aruna Ranganathan | Prof S Thatcher | Analysis of Critical Biases in Decision Making Process in Cockpit Environment |
| Juan Carlos Munoz | A/Prof M Cowling | Presentation title not supplied |
| Pubudu Thihagoda | Prof B Verma | An Automatic Segmentation Technique for Detection of Road Safety Attributes using Video Data |

10:45 Morning Tea Break

11:15 Session 4

| | | |
|------------------|-------------------|--|
| Esteban Bernal | Prof C Cole | Ultra low power sensor nodes using analogue signal processing |
| Rufaida Zikria | Dr S Ullah | Numerical Modelling of Geocell Reinforced Soil for Resilient Rail Infrastructure |
| Ali Alkhatatneh | Dr S Skaik | Adjudication in Australian Construction Industry |
| Don Skerman | Prof C Cole | Efficient Daily Track Monitoring System |
| Zohaib Jan | Prof B Verma | A Novel Framework for Optimized Ensemble Classifier |
| Jay Somasundaram | A/Prof M Rasul | Engineering Creativity |
| Madhuri Pathak | Prof M Spiriyagin | We just detected a crack in rail foot- using laser ultrasound |

1:00 Lunch

2:00 Melbourne Cup

School of Engineering and Technology

2019 RHD Symposium Day 2 - Tuesday 5th November

Brisbane – CQU, Room 4.10 Level 4, 160 Ann Street, Brisbane QLD 4000

Zoom – <https://cqu.zoom.us/j/9884791813>

Please note these are Queensland times (AEST)

Program continues.....

2:15 Session 5

| | | |
|---------------------|----------------|---|
| Sagar Rijal | Prof M Khan | Presentation title not supplied |
| Andrew Freeman | Dr S Sharma | Electric vehicle revolution and the asset management approach of the future. |
| Nusra Noorudheen | Prof P Wolfs | Relative Influence of Rod Spacing and Length on the Thermal and Resistance Properties of Continuously Loaded Earthing Electrodes |
| Tossaporn Surinkaew | Dr MD R Shah | A Forced Oscillation Damping in An Interconnected Power System |
| Robert McKone | Prof P Wolfs | Presentation title not supplied |
| MD Hassan | A/Prof M Rasul | Experimental and Computational Investigation of Performance of Solar-Assisted Bio-gas Production in Australian Subtropical Climate. |

3:45

Afternoon Tea Break

4:00 Session 6

| | | |
|------------------------|----------------|---|
| Mostafizur Rahman | A/Prof M Rasul | Influence of Various Nanofluids on the Performance of Flat-Plate Solar Collectors (FPSC) |
| Mehedi Hasan | A/Prof M Rasul | Process Optimisation for Energy Recovery from Municipal Solid Waste Using Pyrolysis process |
| Vijayalaxmi Beeravalli | A/Prof Ashwath | Selection of Suitable Feedstock for Biofuel Production Artificial Neural Network |
| Toshi Sinha (via ZOOM) | Prof B Verma | A Deep Learning Based Feature Extractor |

5:00

End of day

6:00

Symposium Awards Dinner – King George Room, Floor 2, Pullman King George Square

School of Engineering and Technology
2019 RHD Symposium
Day 3 - Wednesday 6th November

Brisbane – CQU, Room 4.10 Level 4, 160 Ann Street, Brisbane QLD 4000

9:00 Coffee/Tea

9:10 Housekeeping

9:20 RHD Milestones

- Ms Kath Milostic and Ms Sarah Morgan, School of Graduate Research

10:20 RHD Student Mentor

- Mr Sundar Shrestha

10:40 Q&A Session

- Informal question and answer session facilitated by Prof Steven Moore and Dr Jo Luck. Will include staff from School of Graduate Research Ms Kath Milostic, Ms Sarah Morgan and RHD Mentor, Mr Sundar Shrestha.

11:00 Light Lunch

12:00 Clean Energy Session (Clean Energy students only)

- A/Prof M Rasul and Dr David Schaller (Guest Speaker)
